SELECTMEN'S REPORT

"God is with those who persevere" — Koran

High taxes and high cost of living seem to be grim factors which inevitably accompany each ensuing year, and there appears to be little or no relief in sight.

It is a fact that budgets in general are becoming more and more difficult each year to manage; however, on the other hand, our country is enjoying more luxuries and comforts today than perhaps any other nation in the world.

We in this small town, like thousands of other small towns across the country, are an integral part of a national set-up which is developing and growing at a fantastically unparalleled rate. In order to stay abreast of this spirit of progression and advancement we must continue to "move ahead" with the ever constant steadily rising costs of living.

In what small ways have we grown or "moved ahead" during this past year of 1960?

1. The artesian well was completed whereby an adequate water supply was obtained at a depth of approximately 135 feet.
2. The T. R. A. funds black topped the hill by Harry Bockus to Wadham's turn. The board's intentions for the coming year are to finish widening and ditching from Bockus' house to the blacktop near Harold Bennett's. Also the road from Tenney Corner to the mail boxes will be tarred.
3. The road by the Village School was resurfaced this year.

4. New real estate has been added to the books from the development of Reba Hipson at Newfoundland Lake. Two new cottages were built and others will be built in the future.
5. The town has received \$2,055.00 from the sale of town property which was gained through taxes sales.
6. The tractor house has been repaired; the roof was painted and a new chimney was built. More road signs for the town are presently being constructed.

Our thanks and appreciation go to Howard Shaw for donating his time and talent in designing the cover of this year's report.

Respectfully submitted

It has been the endeavor of the Library Committee to keep the library open throughout the winter, for the first time in years. This has been a benefit to the school children, who have found out that many of the books for school requirements can be obtained in their local library.

The books have been reclassified this year, a system of cataloging has been started, and the State Librarian has advised on the discarding of obsolete and worn out books. Special attention has been given to the books for children to use as it is they who are most interested and make the most use of the library.

In addition to the food sale which has become a yearly event, a Christmas tea was given to arouse more interest and to encourage townspeople to know what their library has to offer.

Respectfully submitted,

FLORENCE R. RANSOM,

Librarian.

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.

5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Tumber of local fires - 0; acres burned - 0; permits issued - 19.

GERALD S. GROSS

District Chief

LYLE GALE

Forest Fire Warden

SUPERINTENDENT'S REPORT

As predicated a year ago this is the year of the big increase in the number attending high school. Added to the number attending is the substantial increase in the rate thus making the total increase even larger. Figures of costs of education for every school district in the state are made available by the State Board of Education. Bristol's costs for 1959 - 60, the most recently completed fiscal year, are \$466.71 not counting capital investments or transportation. By law a district may charge its costs or the state average which ever is lowest and may add a 2% rental charge based on a per pupil capital investment. For next year the state figure is \$436 and that is the Bristol rate. A 2% rental charge would boost this.

This becomes more acute in the fall of 1962 - 63 when the capacity of the school will be exceeded. It is problematical whether an addition can be built without some guarantee that at least part of the cost will be absorbed by tuition pupils who are causing the need. There are several possibilities which could make it easier for all: 1) Increased foundation aid to the more needy towns thus easing the tax burden at the local level; 2) Increased building aid to help those districts confronted with debt services; 3) Incentive aid to encourage, and make more equitable, cooperative schools; 4) Federal funds for either buildings or salaries or both. Any one of the four could aid the rather difficult and delicate situation in which we find the local districts. None of these will come about without considerable work being done by those who will gain therefrom. We have work to do!

Respectfully submitted,

C. MAURICE GRAY.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of
Alexandria qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in
said district on the 4th day of March 1961, at eight
o'clock in the afternoon, to act upon the following sub-
jects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for
the ensuing three years, and one for two years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the
School Board and Truant Officer, and fix the compensa-
tion of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Com-
mittees, or Officers chosen, and pass any vote relating
thereto.
7. To choose Agents, Auditors and Committees in
relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise
and appropriate for the support of schools, for the
salaries of school district officials and agents, and for
the payment of statutory obligations of the district, and
to authorize the application against said appropriation
of such sums as are estimated to be received from the
state foundation aid fund together with other income;
the school board to certify to the selectmen the balance
between the estimated revenue between the estimated
revenue and the appropriation, which balance is to be
raised by taxes by the town.

9. To transact any other business that may legally come before said meeting.

Given under our hands at said Alexandria this 13th day of February 1961.
